

Groove is in the heart!

**A day of a cappella adventure with
Kirsty Martin**

Kirsty invites you to sing in the summer in this special one day workshop, singing original bluesy tunes, wondrous world harmony and smoky soulful arrangements.

Kirsty is a 'choral activist' and is well-known throughout the UK for her spine tingling harmonies and choral compositions, as well as her energising and empowering approach to facilitating group harmony workshops.

All are welcome and no experience necessary.
Just bring an open mind and a passion for singing!
